## Vice President, Market research & development

The MBA Program from Chaminade University of Honolulu is an online MBA program that fits me well as a full time employee who wanted to boost the career prospects. The MBA program gave me the opportunity to put myself on the forefront in dealing with strategic business issues and perfecting my knowledge of business management.

The best part is to have an opportunity to apply my existing skill set coupled with those skills learned on the MBA in my own workplace which has proven most rewarding. This is a very worthwhile investment in terms of both personal and professional development.

## Executive Director, Macau casino industry

The MBA program of the Chaminade University of Honolulu (CUH) in Macau Institute of Management (MIM) has enlightened my life.

I feel blessed that I completed my MBA degree in MIM. What I feel even more blessed because I met so many good professors, classmates and all the staffs supporting us. If you give me another chance to choose a MBA program, I will still choose MIM.

Study is never too late, if you want to continue learning, the program of CUH at MIM is definitely your best choice!

## Managing Director, Construction industry

It wasn't an easy decision for me to embark on this adventure. Making excuses not to enroll was effortless, excuses like: "I have been out of school for more than a decade", "I have a full-time job", "I have other existing commitments", and the list goes on. If this is also you then let me tell you that it is normal to feel this way. An MBA will bring you obvious career benefits but more importantly, I want to share with you the benefits of the process. You will be able to acquire skills and knowledge that apply to both employees and employers, practice achieving common goals through team efforts, exposure to new friends from different walks of life, and learn from professors who are wholeheartedly present to share valuable knowledge and professional experiences with you. Finally, how can I not mention the wonderful CUH and MIM staff that are here to help you through your journey, every step of the way! Yes, you will need to make trade-offs but it's going to be worth it.
